## WHAT IS THE MEDITERRANEAN YOUTH COUNCIL?

The Mediterranean Youth Council emerged from the collective will and determination of the Mediterranean regions, for a well-grounded representation of the territories by the youth.

The MYC is made up of young and dynamic people from 13 Mediterranean countries. It is an opportunity to make our ideas heard, to pass on messages through common actions and also to engage in a dialogue with local, regional and national authorities in our respective regions.

We share a common goal, based on a regional, multicultural and multi-linguistic approach. We see ourselves as active citizens of the Mediterranean. We have found a common interest in the Mediterranean but we also embrace our differences, which empowers us to debate and overcome them in a positive way. For us diversity is richness, and not a problem to be overcome.

### WHAT ARE THE OBJECTIVES OF THE MYC ?

To create a space for transnational dialogue for young people to install a dialogue with local, regional authorities and international bodies acting in the Mediterranean

To detect and make concrete proposals for actions that have an impact in the different Mediterranean territories, by working together on issues that are important to us all.

The MYC is supported by several regional institutions and civil society organisations in the strengthening and promotion of our advocacy and actions. These authorities allow MYC members to be represented and heard at a regional and political level.

The association Les Têtes de l'Art acts as an intermediary between decision-making bodies and the MYC by creating spaces of thinking, debates and linking with these authorities.

## The objectives of the support committee:

- Give legitimacy to the Council
- Support advocacy about youth
- Promote MYC actions
- Support members' mobility and welcoming costs
